

Working Together for a Fairer Eastern Suburbs

The NCOSS policy platform sets out the opportunities to work together for a fairer Eastern Suburbs¹ and the investments that will deliver benefits for the future.

The next NSW Parliament can act decisively to provide immediate cost of living relief, build resilience for vulnerable population groups, and improve conditions and opportunities for the female dominated social service sector.

This fact sheet highlights the issues that need addressing, the economic impact of not addressing them, and provides links to the policy solutions that can drive the changes we need to see in our local communities.

We look forward to working with policymakers and elected officials to pursue opportunities which prioritise those most in need, deliver benefits for the future and set us on the path for a fairer Eastern Suburbs.

Quick Statistics – Eastern Suburbs

- 3.2% of the total NSW population or 261,410 people.
- 2,853 First Nations people.
- Lower rates of one parent families – 12.9% compared with 15.8% for NSW.
- Higher median household incomes per week \$2,513 compared with \$1,829 for NSW.
- Higher rates of renting, 45.2% of households, than for NSW at 32.6%.
- Slightly lower numbers of households that speak a language other than English at home – 28.7% compared with 29.5% for NSW.²
- It contains the marginal electorate of Coogee.

Key issues in the Eastern Suburbs

- Energy and housing are two of the biggest cost items in low income households after food.³
- 11% of low income respondents to the [NCOSS Cost of Living Survey](#) were aware of the Energy Accounts Payment Assistance (EAPA) scheme but only 1.7% had accessed it.
- Across the state 21% of respondents were aware of the Low Income Household Rebate but only 4.7% had used it.
- 45% of respondents in the Eastern Suburbs had trouble paying for household expenditure items over the last 12 months (compared with the state average of 58%).⁴
- Overall, across NSW, 1 in 5 people delayed going to the dentist because of cost concerns.
- Nearly a third - 32.4% - of all households who are renting in the Eastern Suburbs are in housing stress (35.5% across NSW).⁵
- Over the course of the pandemic the Eastern Suburbs had a slight decrease (1 per cent) in reported Breached Apprehended Violence Orders.⁶
- The impacts of violence are estimated to cost, in total, \$327m for the Eastern Suburbs across

2020 – 2025. These costs include the direct health and productivity costs and indirect costs due to pain, suffering and premature mortality.

- The NSW Government per capita spending on Domestic and Family Violence is \$32.4 – one third of that spent by the Victorian government.
- Across NSW, 2,402 women return to live with a violent partner because of lack of affordable housing, and a further 2,410 become homeless because they cannot find secure and permanent housing after leaving violence.⁷
- Homelessness overall, across NSW, has risen by 10% since the start of the pandemic.⁸
- NSW has experienced a 13.4 per cent increase in the number of children from low socio-economic areas who are developmentally vulnerable at the start of school (over 2020 to 2021).
- Over 2 in 5 Aboriginal and Torres Strait Islander children compared to 1 in 5 non-Indigenous children started their schooling journey developmentally vulnerable (2021).
- \$59m estimated lost lifetime earnings in the Eastern Suburbs due to children missing face to face schooling over the pandemic.
- The increase in the number of children at risk of significant harm in the South East Sydney District⁹ was 20.3% over the course of the pandemic - higher than the average increase across the state of 13.5%.¹⁰
- In the first half of 2022, NSW punters lost almost \$4bn playing the pokies.¹¹
- The South Eastern Sydney Local Health District had a 29% increase in the number of presentations for self-harm or suicidal thoughts in young people (12 – 17 years) over the course of the pandemic.¹²
- In total, over the period of 2021-2025, the additional costs associated with the increased rates of anxiety and depression amongst the working population in NSW could reach \$7.4 billion.¹³
- On average, NSW spends 33 per cent, or around \$53, less per resident on community mental health services than other states and territories.

Our solutions

Our policy platform has been developed through close engagement with members and informed by a rigorous research agenda. For a summary of recommendations, click [here](#). To find a more detailed description of NCOSS's Policy Platform for a Fairer NSW click [here](#).
